MI-VINE

1-800-770-7657

Is a free, confidential, computer-based service that provides two important services to victims of crime – information and notification regarding crimes committed in Michigan.

INFORMATION

For defendant or inmate custody status and court information, call 1-800-770-7657 and follow the automated prompts. You may also press "0" at any time during the call to speak to a representative. The MI-VINE is available in English and Spanish.

NOTIFICATION

In addition, crime victims may choose to register for automated telephone notifications when an offender has a change in custody status throughout the criminal justice process. Registration is confidential. Anyone may register to receive network notification of change in custody status for offenders housed in county jails by calling 1-800-770-7657. The only information required from you is a telephone number which is kept secure and confidential. If you choose to register for notification, you will receive a PIN (Personal Identification Number). The PIN is a four digit number that you choose which will be kept secure and confidential. Select a number that is easy for you to remember and write it down. After you get a notification call from the network, enter your PIN using the touch tone numbers on your telephone. That will let the network system know that you have received the message. If there is no answer or the line is busy, call will continue for a minimum of 24 hours. The network will leave a message on an answering machine, but will continue to call for 24 hours or until a PIN is entered.

4. If you had a sexual assault evidence kit collected and released to law enforcement, you have a right to ask the investigating law enforcement agency for the following information: when the sexual assault evidence kit was sent to a forensic laboratory for testing; whether a DNA profile was obtained from the sexual assault evidence kit; whether a DNA profile was entered into CODIS; and whether a DNA profile resulted in a CODIS hit.
